

Saturday 16 and Sunday 17 September 2017

Network Rail are working in the Reading area to prepare for our new trains.

Your train service may be affected.

- Some trains will be diverted away from the affected area
- Some journey times will be significantly increased
- Replacement buses will be running for some journeys
- **Most routes will be open until 1400 on Saturday, so we recommend you travel before then if at all possible**

Why is this work taking place?

To allow Network Rail to test the overhead electric wires on routes through Reading.

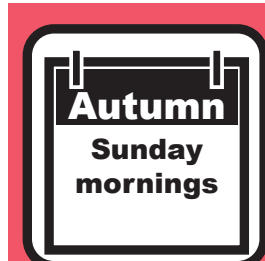

Replacement Buses

We are not able to carry non-folding bikes, heavy luggage or animals on our buses. We can carry folding bikes and Assistance dogs or Guide dogs.

Assisted Travel

We are committed to offering quality assistance to customers with restricted mobility. We recommend you make arrangements in advance by visiting GWR.com/AssistedTravel

Sunday mornings 24 September until 5 November 2017

Services will also be amended through Reading on Sunday mornings this Autumn.

Check your journey at GWR.com/Reading2017
