Parish Council Meeting

is scheduled to be held on

Monday 9th November 2020

at 5.30pm (TBC) but will be held virtually

Parish Councillors will be meeting and liaising remotely until further notice

ARTICLES FOR THE NEWSLETTER AND EDITORIAL POLICY

During the lockdown the newsletter will be produced digitally, circulated by email and on the website. Do please keep sending any interesting/topical items for possible inclusion to the Editor, Felicity Rutland, at newsletter@remenhamparish.org.uk. Please also send photos or pictures of anything to do with the parish or which might be suitable for the front covers. The editorial team reserves the right to edit, amend, précis or reject articles. The opinions expressed are those of the authors of the articles and not necessarily those of the editorial team.

WHATSAPP SUPPORT GROUPS

There are two local WhatsApp Support groups - for Remenham and for Aston. To add your names to the Remenham one please contact Janette Brown on 07768 166764 or janette1brown@yahoo.co.uk and for the Aston one please email Charlotte Every on churchwarden@remenhamparish.org.uk.

Members of the groups give each other support and local information, and reinforce our community spirit in the most wonderful way. The younger members will run errands, collect shopping etc whilst adhering to all social distancing measures. In the case of the Remenham group in particular it is also a source of uplifting jokes, cartoons, videos and photos!

FROM THE EDITOR

Digital or Printed?

Various conversations have been taking place over the last few weeks trying to decide whether to continue to produce this newsletter digitally or whether people would like to have a printed version. Opinions vary, but the Parish Council is very keen to help make it possible for people to receive the printed version. I know that some of you have missed this - but I also know that some of you much prefer to receive it digitally. It is almost impossible to split this between the two so that people only receive one or the other. The outcome is that for this issue we are doing both! Please, please give me some feedback on this to help us decide what to do in the future.

I am most grateful to Charlotte Every for her help in putting together a list of those of you who would like to receive the newsletter digitally and are happy for me to use your email address for this purpose (paying attention to the Data Protection Act). It's possible that even if you've said 'Yes' to digital that you would still like it printed.

For this issue I am continuing to include email addresses and links that are 'live' hyperlinks so that those of you who would like to access them simply have to click on them. This does mean that the entertaining videos for which I've included links are not so easily accessed by those using the printed versions, although you can type the links into Google and find them that way (though I doubt this will be popular.)

There have been very few events on which to report, but let's hope there will be more very soon. For the time being I am struck by how much people are relying on humour and on the past at the moment, so you will find in this issue a number of Covid and non Covid related cartoons and videos, and some quite fascinating historical photos and information. Please respond to my requests for dates etc if you can, and send me further contributions.

In summary - FEEDBACK PLEASE!!

I had never heard of Remenham Dairy. Does anyone know where this was, or the date? [Editor](#)

NEWS FROM ST NICHOLAS

We are still continuing to worship at St Nicholas with a weekly service at 11.15am and the church is open daily from 9.00am to 5.00pm. Sadly, congregational singing is still not allowed.

Harvest Festival was held on 20 September and the church looked fabulous with the most gorgeous flower arrangements. We had hoped to be able to enjoy a drink in the churchyard afterwards, but new Covid-19 rules kicked in on the preceding Friday and we had to cancel.

We held our Annual Parochial Church Meeting on Sunday 19 October and Charlotte Every and John Laing were elected as churchwardens. Other decisions were deferred to a later date when hopefully things will be back to normal.

Sunday 8 November is Remembrance Sunday and we shall be holding our Act of Remembrance at the war memorial at the back of church at 10.55am. which will be followed by matins.

At the time of writing, it looks very much like we will still not be able to sing in church at Christmas so it is likely that our Christmas services will be said Holy Communion at 9.00pm on Christmas Eve and a children's Holy Communion on Christmas Day at 11.15am. The Rector and churchwardens will monitor the situation carefully and if there is any chance of celebrating Christmas with carols and singing, we will let you all know by email.

A HAPPY OCCASION IN THESE STRANGE TIMES WEDDING OF MAX BINNEY AND RHIANNON LEWIS

It was difficult to choose just one photo of this gorgeous wedding, so I am including two since they show two of Remenham's most loved features - St Nicholas church and Temple Island - as well as the beautiful bride and groom. [Editor](#)

REMENHAM W.I.

Although once again unable to meet at the Parish Hall, Remenham members have been keeping closely in touch. In addition to the regular 'phone calls, back on a rota basis, between members, there are now two "round robin" letters circulating, whereby members add their own letter page and are able to read news from everyone else. This is definitely time to sit down with a cup of tea and to catch up on all the news!

In addition to this, the first edition of the Remenham WI Rag is about to go into print and to be circulated to members. This will keep everyone up to date with WI matters as well as containing snippets of news, items of interest and a quiz or two.

Meanwhile, hoped for plans are being put in place for the months ahead although cancellations run apace with diary dates! Positivity remains!

REMENHAM LANE PROBLEMS (See Parish Council report opposite)

REMENHAM PARISH COUNCIL AND WOKINGHAM BOROUGH COUNCIL

CYCLING SIGNS

After many years, Bill took hold of the problem and we probably have some of the nicest signs in the Country and quite polite, complimented by a Henley Town Councillor. Praise indeed.

HOLES ON THE BANK

WBC rights of way officer is dealing with remedying these.

PLANNING

Theresa May was magnificent in the debate on the White paper.

A4130

We are planning to replace two 30mph warning signs on the A4130 with ones showing the actual speed.

REMENHAM LANE

The truly amazing thing is that the signage on the Lane has been incorrect since it was put there, which was probably more than thirty years. If you look, you can see that a driver can park with impunity all day everyday apart from weekends. You have probably noticed that the job is only half done. There is no reason for this. You can see that the yellow lines have not been finished. It should be double yellows both sides and the parking bays should say two hours only. Because of the number of defects, the parking restrictions are unenforceable.

The chevrons between Upper Thames and Old Blades also need replacing.

I would welcome views as to whether the most Northerly parking bay is necessary once the parking restrictions are in place.

(Please see opposite page for photos of the above)

continued

LONDON ROAD AND WARGRAVE ROAD

The 30-mph extension to Culham Cottages on the London Road and the consistent 30mph between Conway's bridge and the London road are not forgotten.

OUTSIDE THE VILLAGE HALL

I have asked for the road outside the village hall to be repaired and a suggestion is cobbled. WBC is working up the project.

CORONAVIRUS

It is now eight months since we had the first outbreak of Coronavirus almost to the day. Since mid-September the cases in Wokingham have been rising. Sadly, also deaths are rising. The hope that we would be able to return to normal for Christmas is fast receding.

Our policy is to ensure as far we can to remain in Tier one. This is consistent with our neighbours notwithstanding press reports to the contrary. We believe that Tier One gives our businesses the best chance to recover and allows for our residents to lead as full a life as possible.

Coronavirus is transmitted by contact or near contact. If we can inculcate a permanent behavioural change then we can slow the rate of increase, reduce it and learn to live with it. Your Council is doing what is within its power to do so.

We are working with our care homes to keep them safe. Again, we are at odds with government policy in that we will not be dedicating a care home to Covid patients but are insisting positive evidence of Covid free status. So, the Tower beckons.

We are asking our schools to help us by championing the cause. If we get recruit every school child as an evangelist, then the message will get into homes where it is believed most of the transmission occurs. Schools can also help by ensuring that when children leave school settings that the children remain separated and that parents picking up children do not mix.

Our University has not suffered as other universities from the return of students by the exercise of careful and responsible control.

Our track system is now working well and this week we have started door knocking. We will be auditing our commercial and recreational premises to ensure the proper application of QR codes and adherence to regulation. This week we fined various establishments for non-observance.

We will be launching a scheme of community champions to lead by example and marshal. We will be increasing and refreshing our comms messaging.

Fortunately, our residents are discerning and sophisticated who in the main are observing the rules and understand our difficulties. These programmes and more have had their effect. I am nervous to say that the curve is decelerating and flattening off. My nervousness is as I do not want to tempt fate but there are cautious signs for optimism.

continued

I appreciate that everyone is tired, and it has been going on for a long time, but sadly it will go on for much longer. Whilst there is much energy going into a vaccine, it is not yet successful and if it were it would be at least six months before it can be relied upon. So, we as a Borough and Borough Council must plan for the winter and spring and be in hope that next summer we will return to normal – if we remember what that is.

It is vital that our resources both human and financial are directed to alleviating need and are not frittered away by unnecessary work or tasks. We still have an obligation to balance the budget and it is still expected that we will not be fully compensated by Central Government for all Covid related expenditures and losses.

I ask all residents to help in this. We will not be able to do everything which we have been for example residents may have to live with unkempt hedges, uncut verges or a pothole. Residents will not be able to rely upon the level of attention that they have been used to receiving.

Having said that we have been at pains to reintroduce all the democratic processes as soon as possible and I point out to the naysayers that Reading has yet to have a full council meeting and many of our neighbours are still working to a scheme of delegation. It could be said of Wokingham that politics has returned with a vengeance, both in the second and third estates.

Our task is now to ensure that every resident is safe, secure and not isolated. The key is to guarantee that everyone has a warm home, and they have food and the medicines they need. This administration has worked very hard to ensure that the homeless in the Borough are very low and to ensure that those who are homeless are looked after. We have housed all the rough sleepers except for one who insists that he prefers not being housed.

We will do the same with poverty, especially food and fuel. We are determined to eliminate poverty in the Borough.

It is extremely important throughout this emergency that our residents have confidence in the Council. Statements that there are “6,300 children in poverty and rising” and that there are “one in six children living in poverty” in the Borough we do not believe to be accurate or responsible. The indexes based after “housing costs” compared to median income have less to do with poverty and more to do with house prices and the structure of employment in the Home Counties.

The Borough is measured by ONS in the index of multiple deprivation 2019 as being the lowest after Hart in the table and the disparity between the highest Blackpool and Wokingham is huge. We enjoy and have enjoyed the lowest funding of any Unitary for many years consequently. It is inconceivable that we are the second to lowest in the index of multiple deprivation and that there are “6,300 children in poverty and rising” or one in six children.

Having said that, one vulnerable person, child or family is too much.

continued

Our model has been for the Council to work with the voluntary sector using the CAB as the front door. Our partners must work with us and not plough their own agenda; if they do, they will confuse our residents.

The Executive, CLT and the voluntary sector will create the architecture for this important piece of work; both the chief executive and I will be intimately involved. We must clearly identify where there exists need in the Borough so that we can tackle the root causes of that need and support it until we have done so. I will consult with the Leader of the Opposition and keep other Group Leaders apprised of our progress.

We shall hold special executive meetings to authorise the strategy and expenditure as we go along as this exercise must be at pace.

As for this half term, I am extremely grateful to all the restaurants, shops and pubs who have extended their services for free or subsidised school meals and to the Food Banks and our voluntary sector partners. The pressure for the Council to extend food vouchers came after it was feasible to undertake this through schools. The Council would have had to act unilaterally without the appropriate notice or case being made in the Executive. This could have resulted in another expensive call in.

It may be that we must that in the short term apply to simpler solutions of giving vouchers to those entitled to free school meals because the bigger piece of work of attacking the underlying causes of poverty takes too long. I am however confident that we can do better and more fully meet the spirit of the Government's National Food Strategy.

It must be remembered that although current publicity is being given to free schools meals, the biggest cohort of the vulnerable is likely to be the old where we may be required to shield again depending on Government Policy. It is this cohort, children and any others, whom we will be addressing in our Poverty Strategy.

Finally, please help me to help you. What you do and say will have an enormous impact on public behaviour towards this virus.

The key rules are

- Hands, Face & Space
- QR codes and logging in
- Quarantining when asked
- Rule of Six

Thank you for listening, keep safe and become an evangelist to the cause.

Please be in touch if we can be of help on any other matter.

REMENHAM THESPIANS - DISPOSAL OF COSTUMES AND PROPS

The sorting out of costumes and props previously stored in various people's garages took place in the Hall garden as planned, on a beautifully sunny morning. We observed 'the rule of six' with a rota of helpers throughout the morning. It was extremely efficient - and good fun! - and the task was completed in a couple of hours (having allocated the whole day!). Rubbish has gone to the tip - quite a lot!! - many thanks to Jen and Dave Law for loading up their car. Some things have gone or are going to charity shops - thank you Angie Emerson - and the rest has been carefully sorted into various categories. Thank you fellow Thespians! I took videos of everything before it was all packed into bin liners, and these are available for theatre groups etc to peruse. Everything that's left is currently at my house, and sadly a theatre group who we hoped would take the bulk of it all is now unable to do so, so we need to make some approaches to others. Any help with this gratefully received.

THAMES VALLEY POLICE - USEFUL INFORMATION ON WEB SITE

There is an amazing amount of helpful and varied advice from Thames Valley Police on the parish website - see <https://www.remenhamparish.org.uk/thames-valley-police-alerts/>

This includes advice on Security, Thefts, Coronavirus, The TVP newsletter, Firearms Licensing, The Independent Advisory Group, Becoming a Detective, Cold Callers and Doorstep Rogue Traders, Chip and Pin Fraud, Relationship Abuse, Fraudsters of various types, Fake fines and other fake messages, HM Revenue & Customs alert, Extortion, Dog Microchipping and vulnerable missing people.

It is perhaps a sad reflection on our times that all this seems necessary, but I was amazed by the quantity of information and thought I would draw people's attention to it in the newsletter. [Editor](#)

REMENHAM NEXTDOOR

I think most of us in the village have received a letter about the Remenham Nextdoor App, and I know that a number of us have downloaded this. I gather from friends in other parts of Henley that it is extremely useful. It is described as 'The neighbourhood hub for useful information such as local business recommendations, lost pet notifications, safety updates and much more. It's also a great way to connect neighbours in need with those who can help.' Please download the Nextdoor app!

There is a slight mystery about this however, as the name on the letter encouraging us to 'join' purported to come from Jane Franks, but Jane does not claim 'ownership'! This does not mean it should be classified as fake news or anything sinister. [Editor](#)

INTERESTING HISTORY

History repeats itself. Came across this poem written in 1869, reprinted during 1919 Pandemic.

This is Timeless....

And people stayed at home
And read books
And listened
And they rested
And did exercises
And made art and played
And learned new ways of being
And stopped and listened
More deeply
Someone meditated, someone prayed
Someone met their shadow
And people began to think differently
And people healed.
And in the absence of people who
Lived in ignorant ways
Dangerous, meaningless and heartless,
The earth also began to heal
And when the danger ended and
People found themselves
They grieved for the dead
And made new choices
And dreamed of new visions
And created new ways of living
And completely healed the earth
Just as they were healed.

YOU CAN FEEL IT DOING YOU GOOD

TWELVE COMMANDMENTS FOR SENIORS

1. Talk to yourself. There are times you need expert advice
2. "In Style" are the clothes that still fit
3. You don't need anger management. You need people to stop irritating you.
4. Your people skills are just fine. It's your tolerance for idiots that needs work.
5. The biggest lie you tell yourself is, "I don't need to write that down. I'll remember it."
6. "On time" is when you get there.
7. Even duct tape can't fix stupid - but it sure does muffle the sound.
8. It would be wonderful if we could put ourselves in the dryer for ten minutes, then come out wrinkle-free and three sizes smaller?
9. Lately, You've noticed people your age are so much older than you.
10. Growing old should have taken longer.
11. Aging has slowed you down, but it hasn't shut you up.
12. You still haven't learned to act your age, and hope you never will.

And one more:

"One for the road" means peeing before you leave the house.

**I told my suitcases
that there will be no
vacation this year.
Now I'm dealing with
emotional baggage.**

Medical experts were asked if it is time to ease the lockdown.

Allergists were in favor of scratching it, but Dermatologists advised not to make any rash moves.

Gastroenterologists had sort of a gut feeling about it, but Neurologists thought the government had a lot of nerve.

Obstetricians felt certain everyone was labouring under a misconception, while Ophthalmologists considered the idea short sighted.

Many Pathologists yelled, "Over my dead body!" while Paediatricians said, "Oh, grow up!"

Psychiatrists thought the whole idea was madness, while Radiologists could see right through it

Surgeons decided to wash their hands of the whole thing and pharmacists claimed it would be a bitter pill to swallow.

Plastic Surgeons opined that this proposal would "put a whole new face on the matter."

Podiatrists thought it was a step forward, but Urologists were pissed off at the whole idea.

Anaesthetists thought the whole idea was gas, and those lofty Cardiologists didn't have the heart to say no.

In the end, the Proctologists won out, leaving the entire decision up to the politicians as part of an annus horribilis!

I'M NOT ADDING
THIS YEAR
TO MY AGE,
I DIDN'T
USE IT.

Private Client Lawyers for you and your family

“An outstanding niche private client firm...its practitioners are recommended as experts in their field, providing high-quality advice...its client service is second to none and every client is valued equally and treated with sensitivity and genuine compassion.”

We provide expert advice from Wills, trust, charity and tax Solicitors and advisors. Whilst inheritance tax is an issue for most of our clients, we are also experts in advising on other potential threats to the family and its wealth, such as mental incapacity and divorce of children. We are exceptionally sensitive to clients' needs and take the time to understand their individual circumstances and priorities. As a result, our clients benefit from technically outstanding, bespoke advice which is explained clearly and in a straightforward manner. This allows clients to put in place the best arrangements for themselves and their families.

To help you review your current position we are happy to provide a free, no obligation one-hour consultation.
